How to Use the KIDS PARTY Clipart!

Get the kids charged up about your next KIDS PARTY with funny, colorful mailers and handouts made with these banners, cartoons and headers designed especially for KIDS PARTY.

Three Ways to Go:

1. Old Skool

Simply choose the artwork you want, cut it out and paste it to paper to make your photocopy master. Hand letter the necessary information.

2. New Skool

If you use a computer drawing program to create your mailers and handbills, go to the CLAMcentral.com website to download our KIDS PARTY clip art. The art is in JPG or PNG format that can be opened in any drawing program.

Tip: Someone in your church knows how to do all this if you don't. Try running your desired clip art project by the person who does your church bulletin.
